NATIONAL COLLEGE OF EDUCATION

Affiliated to WBUTTEPA & WBBPE for B.Ed. & D.El.Ed

APPROVED BY NCTE, MINISTRY OF HRD, GOVT. OF INDIA

NATIONAL COLLEGE OF EDUCATION

The NES Educational Trust has come up with an avant-garde facility for teacher training at Rajarhat, christened National College of Education. The B.Ed. & D.El.Ed. College was inaugurated by Dr. Partha Chatterjee, Hon'ble Education Minister, Govt. of West Bengal, in May 2017. It is the brainchild of visionary educationist, Mr. Samir Kr. Saha, our Founder Director, who has shaped all these institutions with sky-high determination, and a lifelong passion to accomplish the dreams of innumerable scholars.

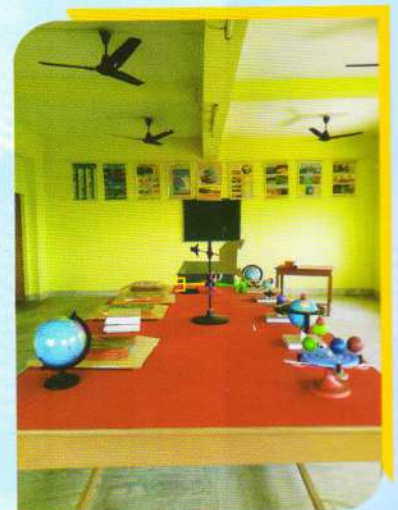

National College of Education, aims to instill the urge to be creative and innovative; inspiring the students fraternity to strive for excellence in pedagogy. Being a part of the National English School Group is a big advantage as the teacher candidates will have liberal access to quality classroom teaching experience. The college has also tied up with 20 nearby schools for providing the students with the opportunity to fulfill the required number of practice teaching sessions.

STATE OF THE ART INFRASTRUCTURE :

Set in a modern 65 cottahs campus, the college has state-of-the-art infrastructure and all the latest amenities required to develop a proper teaching skill set. It has an enormous six storeyed building and a huge playground. There is a spacious auditorium for seminars and cultural activities, a well-stocked resourceful library, three cutting-edge Science Laboratories with up-to-date equipment for scientific experiments, a comprehensive Social Science Laboratory, a dedicated Language Laboratory for pronunciation coaching and speech practice, and a Computer Laboratory having sixty computers with latest software packages and Wi-Fi facilities. The premises provides all the facilities and the necessary ambience for each student to develop into a wholesome personality.

IMPORTANCE OF TEACHERS' TRAINING :

Teachers make a tremendous difference, both in the lives of our children and in the success of our country. Therefore, it is essential to place more effective teachers into our classrooms. Every thoughtful strategy for this moral and economic imperative, ultimately comes back to teachers' training institutes doing a better job of preparing successful teachers. Contrary to movies and folklore, great teachers are not born. They are trained and taught.

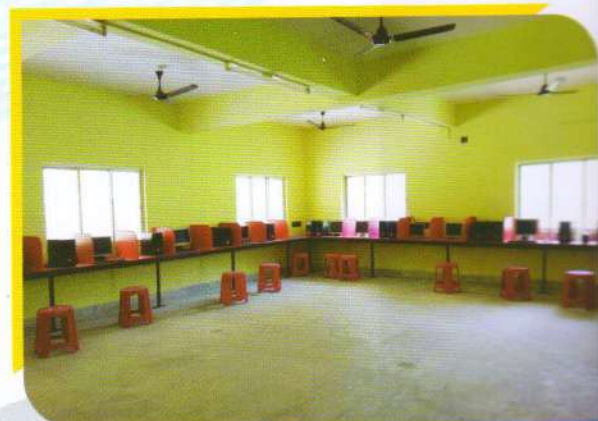

THE PROGRAMME :

The B.Ed. programme at National College of Education is more practical oriented than theoretical. It involves class-room and laboratory based learning and plenty of practical insights to prepare the students for the teaching career which will be rewarding and fulfilling.

FACULTY :

Since the Teacher Training programme is of great importance in shaping the future generation, we have our faculty who carry out their responsibility with utmost care. They are eligible and are qualified as per the latest NCTE regulations. Apart from regular teachers we invite guest lecturers who speak on the latest development in teaching methodology, the use of new techniques, audio visual aids and other relevant issues. These lectures are of great benefit to the students.

FACILITIES :

Computer and Internet :

The College has a fully equipped Computer Laboratory with sixty computers. Teachers make effective use of

the internet to research and provide for students the very latest information plus teaching strategies. This can be seen not just in lesson times but in assemblies and other events where the staff happily uses PowerPoint and other tools to create multi-media displays which inculcates the spirit of quest among students. In the future, we intend to develop students' internet skills and our own resources to encourage students to see the net as a means of self-study and research.

Library :

The Library is extremely well resourced and is catalogued and managed by trained, professional librarian. It contains reference books and resources selected by each subject teacher to enhance understanding of their subject. Materials related to B.Ed. examinations are also located in the library so that students can access the syllabi and model question papers. In addition, we subscribe to a wide range of periodicals and magazines which provide both intellectual stimulation and relaxation.

Laboratories :

The College has comprehensive laboratories with equipment catering to the latest educational technology. Internet, latest software languages and applications are also available. We have laboratories for each Science subject as well as for Mathematics, Geography, Language, Work Education and Psychology. These are fully equipped with the latest equipment to allow the students to develop their skills in practical science and to learn scientific theories through their own experimentation. Our aim is to ensure that science is not just applying a theory but a subject where they can derive theories themselves by experimentation.

Forms :

Admission Forms will be available online for B.Ed. (Bachelor of Education) and D.El.Ed (Diploma in Elementary Education).

Recognition :

National College of Education is approved by NCTE, Ministry of HRD, Govt. of India and affiliated to WBUTTEPA (West Bengal University of Teachers' Training, Education Planning & Administration) for B.Ed. (Bachelor of Education) and WBBPE (West Bengal Board of Primary Education) for D.El.Ed. (Diploma in Elementary Education).

Duration :

The duration of B.Ed. Course will be of Two years. New session begins from the month of July.

Eligibility For Admission :

For admission in B.Ed. course candidates must have minimum 50% marks in Bachelor's Degree / Master's Degree in Science / Social Science / Humanities / Commerce or minimum 55% marks in B.E./B.Tech. Degree.

For admission in D.El.Ed. course candidates must have minimum 50% marks in Higher Secondary (+2) or equivalent examination.

Seats : 100 for B.Ed (Bachelor of Education)
50 for D.El.Ed (Diploma in Elementary Education)

Results : **100%**
Success

OTHER ACHIEVEMENTS :

This institution is run by NES Educational Trust. This trust cherishes to run reputed schools named National English School, affiliated to the Council for Indian School Certificate Examinations, New Delhi. The ICSE and ISC Examination candidates have always been very successful. They have come out with flourishing results. The highest scorer this year in ICSE secured the 4th position in the State Level, scoring 98.4%. In ISC the highest scorer with 99% secured 2nd position in the State Level.

Every year a good number of students score above 90% marks in these Board Examinations.

The management directs all its efforts to inspire and enable each learner to believe in and practice the motto of - 'Dare to Know'. Our endeavour reflects the commitment that - "Education is a treasure beyond measure".
